Nomination of Glenn Scheffler as acting Co-Convenor of WG 24

Last September, Jesse Schneider informed ISO/TC 197 that he accepted a position in a new field within BMW, in Germany, and thus he resigned as Co-convenor of WG 24 (see N 772).

As per our established tradition, the countries submitting a NWIP have the prerogative to nominate initial and replacement convenors for all active WGs. Therefore, being that the initial NWIP that brought about the creation of WG 24 was jointly submitted by France and USA, we asked the USA to nominate a replacement for Jesse Schneider. The USTAG has now proposed Glenn Scheffler as the new Co-Convenor for WG 24. As most of you are aware, Glenn is the Chair of the USTAG for TC 197 and has been very active in WG 24. His CV will be sent out as separate N document.

Being as there is a WG 24 meeting in Amsterdam Nov. 30th to Dec. 2nd, we would like Glenn to quickly join the leadership of WG 24. Therefore, please be informed that we have decided to name Glenn as acting co-convenor of WG 24, until such time that he can be formally approved by TC 197. TAB has reviewed Glenn's nomination by the USTAG and endorses him as a worthy candidate. The TC 197 approval of Glenn as Co-Convenor of WG 24 will be discussed at the 2016 plenary meeting in December.

We would like to thank the acting Co-convenor Guy de Reals, the Secretary Nick Hart, and the Technical Program Director Jay Keller for their leadership within WG 24.

Jim Ferrero and Andrei Tchouvelev
