**Joint ISO/TC 22 and ISO/TC 197 new work item proposal on *Fuel cell road vehicles — Safety specifications — Part 2: Protection against hydrogen hazards for vehicles fuelled with compressed hydrogen***

action required from P-members

reply required by: **2004-08-27**

information to O-members and liaisons

Dear members,

Please find attached a new work item proposal (NWIP) that is currently being circulated for approval among the P-members of ISO/TC 22 as ISO/TC 22 document **N 2504**. As per the agreement for cooperation between ISO/TC 22 and ISO/TC 197, this NWIP is also circulated for approval among the P-members of ISO/TC 197.

More specifically, P-members of ISO/TC 197 are requested to vote on Part 2 of the proposed standard, which covers *Fuel cell road vehicles — Safety specifications — Part 2: Protection against hydrogen hazards for vehicles fuelled with compressed hydrogen*.

Please use the attached ballot paper and forward it to the ISO/TC 197 Secretariat no later than **27 August 2004**. Please pay a particular attention to the request to adopt these work items directly at DIS stage (see attached ballot paper, form 5, question 3.3.2).

If this NWIP is approved by the P-members of both ISO/TC 22 and ISO/TC 197, this work will be carried out in a joint working group structure.

Yours sincerely,

Sylvie Gingras, Secretary of ISO/TC197  
Bureau de normalisation du Québec  
on behalf of the Standards Council of Canada

Enclosures (ISO/TC 22 document **N 2504** and **N 292** ballot paper)
