

Committee draft IEC/CD 62282-6-1: Fuel cell technologies — Part 6-1: Micro Fuel Cell Power Systems — Safety

action required from P-members

reply required by: **2005-10-28**

information to O-members and liaisons

Dear members,

Attached is document **105/95/CD**, the committee draft IEC/CD 62282-6-1 that is currently being circulated for comments among the P-members of IEC/TC 105 *Fuel cell technologies*.

This document is at the same time circulated among the P-members of ISO/TC 197 for the review of the hydrogen safety related aspects.

In order to meet the IEC/TC 105 deadline, reply from the P-members of ISO/TC 197 should be forwarded to the ISO/TC 197 Secretariat no later than **28 October 2005**. Please use the attached form for submitting your comments.

Please note that this same document is also being circulated for its approval as a Publicly Available Specification (PAS) as 105/96/PAS (see ISO/TC 197 document **N 314**). This committee draft is circulated with a view of developing an international standard that will later on cancel and replace the PAS.

Yours sincerely,

Sylvie Gingras, Secretary of ISO/TC197
Bureau de normalisation du Québec
on behalf of the Standards Council of Canada

Enclosures (105/95/CD and comment form)
