

## ISO Roundtable on Global Harmonization of Regulations, Codes and Standards for gaseous fuels and vehicles

Dear members,

ISO is planning a Roundtable on global harmonization of Regulations, Codes and Standards for Hydrogen and natural gas vehicles and fuels on Wednesday, 10 January 2007 in Geneva. The ISO Roundtable is to be held in conjunction with the WP.29/GRPE, a body of the UN/ECE which is developing the Global Technical Regulation (GTR) for the Hydrogen Fuel Cell vehicles. The Announcement is posted on the ISO web-site and a copy is attached for your information. The link is:

<http://www.iso.org/iso/en/commcentre/events/2006/index.html>

**Steps toward Harmonization:** Invitations will be sent to decision-makers in government and industry from the automotive, energy and infrastructure organizations to participate in a high level survey and subsequently the information will be used in the ISO Roundtable.

The results of the ISO Roundtable will be forwarded to the UN/ECE for their support.

Please feel free to inform your stakeholders regarding the ISO Roundtable. Should you have any questions, please do not hesitate to contact Mr. Randy Dey, the chairman of ISO/TC 197, who has been asked by ISO to coordinate this event.

Yours sincerely,

Sylvie Gingras, Secretary of ISO/TC197  
Bureau de normalisation du Québec  
on behalf of the Standards Council of Canada
