

Presentation of National Hydrogen Energy Roadmaps or of major national/regional undertakings

action required from P-members

information to O-members and liaisons

Dear members,

For our upcoming plenary meeting, the Chair would like to invite P-member countries to make a short presentation (10 –15 minutes) on their National Hydrogen Energy Roadmap. A lot of countries that are P-members have published or are in the process of developing such roadmaps. Alternatively, you are invited to present a major hydrogen undertaking in your country, such as the Hydrogen Highway for the 2010 Winter Olympics.

We are looking forward to having this important segment as a regular feature for our plenary meetings. Please consider this invitation and let us know your response by 14 October 2007. Thank you.

Yours sincerely,

Sylvie Gingras, Secretary of ISO/TC197
Bureau de normalisation du Québec
on behalf of the Standards Council of Canada
