Dear members,

This year again, the Chair would like to invite P-member countries to make a short presentation (10 –15 minutes) on their National Hydrogen Energy Programs at the upcoming ISO/TC 197 plenary meeting,

As you know, this important segment has become a regular feature for our plenary meetings. In 2007, we were pleased to have presentations from Argentina, Canada, China, Germany, Italy, Japan, Spain and the USA. In 2008, we very much appreciated the presentations from Australia, Canada, China, Japan, Italy, Norway, the Republic of Korea, Sweden and the USA. In 2009, Brazil, China, Canada, France, Japan, the Republic of Korea and the USA shared their activities with the delegates.

This year, we would encourage those countries that have not presented to come forward. We would also appreciate receiving updates from those countries that have already presented.

Please consider this invitation and let us have your response by **26 April 2010**. This item will be discussed under item 10.1 of the draft agenda (**N 446**). Thank you.

Yours sincerely,

Sylvie Gingras, Secretary of ISO/TC197  
Bureau de normalisation du Québec  
on behalf of the Standards Council of Canada
