Convener

Ballot Result of ISO/DIS 19880-3 and the Action

Open: 2016-6-23, Close: 2016-9-14

P-Members voting: 9 in favor, 1 negative (US/ANSI)

The result is approved, however, TC197 chair, secretary and TPD recommend to have another ballot for DIS2.

Then WG20 made an effort to improve the consensus for this standard.

WG20 meeting was held in October in Vancouver to treat the DIS comments and prepare a DIS2.
