Date of document: 2017-12-05

Expected action: INFO

Background: Liaison report from EIGA

Committee URL: <http://isotc.iso.org/livelink/livelink/open/tc197>

## **European Industrial Gases Association (EIGA)**

### **Liaison Report with ISO/TC197 Hydrogen Technologies**

EIGA and EIGA Member companies, as producers and distributors of hydrogen, continue to strongly support the work of ISO/TC 197.

Our areas of interest continue to be across the wide activities of ISO TC 197s Working Groups and we look forward to being able to continue to support future work of this technical committee through the experts that participate in these Working Groups and in EIGA's work.

At present, EIGA does not see any significant issues between ourselves and ISO/TC197 and wishes to continue in liaison with ISO/TC197.

Please accept my apologies for not being able to attend the plenary in Foshan, I am sure that the views of EIGA will be well represented there and I wish you a successful meeting.

**Philip Brickell**  
**General Secretary**
