Call for experts – ISO/TC 197 WG19

Interested parties are invited to contact the ISO/TC 197 Secretariat by 02 12 2019

Dear members,

As resolved by ISO/TC 197 and confirmed in item 7.2 of the meeting minutes of the 2018 plenary meeting, ISO/TC 197 is requesting that all heads of delegations invite qualified and interested experts to join the following working group.

Experts not currently registered in the ISO community may be invited to contact their respective national Member Body (MB) to be able to take part in this work.

WG19, Convenor: Shogo Watanabe, Topic: Hydrogen dispensers.

Summary of upcoming work item:

The work will consist of addressing previously received technical comments obtained during the DIS phase and moving forward the ISO document 19880-2, Gaseous hydrogen fueling stations — Part 2: Dispensers and dispensing systems.

For more detailed information relative to this WG19, please contact the ISO/TC 197 Secretariat (jonathan.lafontaine@bnq.qc.ca) by 2 12 2019.

Best regards,

Jonathan Lafontaine,
Committee Manager of ISO/TC 197
Bureau de normalisation du Québec
on behalf of the Standards Council of Canada
